## Summary

Working as Frontend Developer for IOTASCALE in Islamabad. My role in the company is not limited to Frontend Developer and Designer. I have experience in: Backend Development (Node.js), Database (Click house), Linux (Ubuntu, CentOS), VMware vSphere, and opensource tools like Zabbix (NMS), Nginx, PM2, Load Balancing, Wazuh (SIEM) & ELK. I've also had hands on experience of Production Environment, I've also expertise in Tailwind CSS & Ant Design. My primary goal at the moment is to gain experience and learn more about emerging technologies.
